Radio Broadgreen Recruitment – Sports Producer

Radio Broadgreen currently have vacancies for production staff based at the Warmington Lodge studios on the Broadgreen Hospital site.

Radio Broadgreen is the only independent local radio service that provides full commentary of all Everton FC and Liverpool FC home fixtures to the hospitals we serve. This can only be done with a great production team to make it all happen from the stadium to the hospital patients. If you have an interest in radio broadcasting with a knowledge of sport, this could be for you.

Radio Broadgreen broadcast to patients at Liverpool Heart & Chest NHS Trust and Royal Liverpool & Broadgreen University NHS Trust based at the Broadgreen site.

If you would like to join our team and believe you have something to offer that will entertain and inform our patients, we would like to hear from you. It doesn't matter if you haven't broadcast before as full training will be given.

All LHBS members are volunteers. Currently there are no membership or training fees applied. With this in mind, we are looking for applicants who wish to be long-term members of this charity.

RECRUITMENT PROCESS:

1. Fill in the application form on this website and include the post you are applying for.
2. The application form will be sent to info@radiobroadgreen.com
3. You should receive an email notification within seven days – check your spam email folder.
4. If accepted, you will be asked to attend an informal meeting at the studios.

PLEASE NOTE: We are looking for people who can relate to our core audience and that can also support this charity long term. We cannot accept applications for work experience. Full studio and H&S training is mandatory. This post may be required to Trust application processes including DBS checks. Terms apply. LHBS/Radio Broadgreen reserve the right to refuse any application.

CLOSING DATE: 1st January 2027
